

About the Program

The "Training and Certification Program for Setouchi area tour guides" is a program which recognizes tour guides who have completed all the training programs to meet the standards to be our certified Setouchi area tour guide. They have undergone the following trainings, and we are proud to introduce them as your personal expert of the area.

Training Programs in 2025:

- Video-based training to learn about the unique characteristics of the Setouchi area and basic tour guide knowledge.

- On-the-job training of the region, including actual guiding of foreigners.

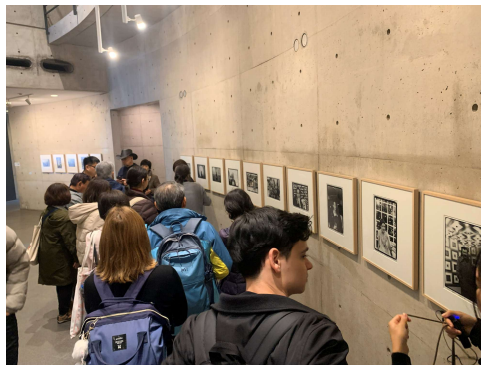

- *Please find the day-to-day itinerary on the following pages.

- Online session with travel agents to learn about their needs, and have a chance to introduce themselves.

Details for 2025

For 2025, we created 3-day sample itineraries based on three different themes (Adventure and Nature, Art, Traditional Culture and History), each visiting both iconic and local sites of the region. Tour guides choose their theme of preference, and finished on-the-job trainings that followed the sample itinerary.
